

Sangeeta Naik

Vice President

Member Engagement & Sector Development

Sangeeta has a total experience of more than 25 years with a Master's degree in Mathematics and two diplomas in Computer applications and Computers in Office Management. Have 12 years of Social Research at ACNielsen ORG MARG, before joining the internationally reputed BASIX Social Enterprise Group where I had extensive livelihood project execution experience for 9 years working with women, tribal and small & marginal farmers. All along I have been a data savvy person engaged mostly in MIS delving deep into data mining aspect as well in formulating innovative strategies with regard to livelihoods. This is a natural transition towards the present role of handholding microfinance institutions who are engaged in inclusive impact finance, to build the ecosystem for greater Inclusion and Impact.
