

# Lenders-Investors- MFIs Confluence

*(An interface meet of Funders and MFIs)*

**Mumbai 23 January, 2024**

Sa-Dhan is organizing an interface between investors and microfinance institutions (MFIs) to bring together the demand and supply side of fundraising to cater for the unreached population of India. This platform will enable both sides to discuss and understand the requirements, processes, and challenges of fundraising.

The interface will provide a platform for dialogue, deliberation, information sharing, and forging partnerships. It aims to provide stakeholders with an opportunity to deliberate on funding opportunities and challenges of the investors and MFIs in the post-pandemic scenario. It will also provide a space where investors and MFIs can work together to further the financial inclusion agenda.

As an association of impact financing institutions, Sa-Dhan is looking forward to creating an impact on the lives and livelihoods of the end borrowers in partnership with investors and MFIs.

## Expected Participants

Particulars	Remarks
<b>DFIs</b> - SIDBI, NABARD, MUDRA	CMD, Chairman, CGM, DGM
<b>Banks</b> - PSBs, Private Sector Banks, Small Finance Banks etc	ED, MD, CEO, COO, CGM, DGM, Business Head, National Head, Product Head
<b>Non-Banking Finance Companies</b> - (NBFCs)	MD, CEO, CFO, COO, CGM, DGM, Business Head, National Head, Product Head
<b>Microfinance Institutions</b> - (MFIs)	MD, CEO, COO, CFO, ED, Head Finance
<b>Insurance Companies</b> - (ICs)	MD, CEO, COO, Senior Representatives etc

## Expected Benefits

The main goal is to facilitate fundraising and bridge the gap between investors and Microfinance Institutions (MFIs). Sa-Dhan, having walked more than two decades in this field, has identified the gap in outreach between the two sides, both of which are eager to establish a constructive partnership. This platform will enable lenders to communicate directly with MFIs, while MFIs will be able to access investors.
